RAL 070 80 10 flax beige

NEW COLOURS AND DECORS

CURVED SIDE PANEL CONCEPT

ALL-ROUND STYLISH PLANNING

WFI 5R (R = 5 cm)

WFI 15R (R = 15 cm)

Design lines:

Programmes:

Panel thickness:

Radius:

PLANNING SUGGESTION:

For radius processing on worktops, finishing tops and table tops, we recommend a radius equal to the side panel thickness plus the front overhang. For a uniform appearance, the side overhang and the overhang of the worktop at the front should be planned to be identical.

KYOTO PLANNING CONCEPT — ADDITIONAL COLOURS AND HANDLES

Also new: the KYOTO programme approvals for plain colours have been extended! Can now also be planned with the programmes:

216 IDEA
231 AMETIS
238 METURO

Discover the next level of minimalist interior design with KYOTO – inspired by Japanese craftsmanship and realised with state-of-the-art precision.

ALL-ROUND RECESSED HANDLE

SPECIAL FEATURES / NOTES

Detailed view:

Standard recessed handle length:

Recessed handle ends with lower edge of unit, including end caps

Recessed handle length with front extension:

Recessed handle, to the floor, incl. end caps; plinth flush with carcass

PLINTH STEP | PLINTH DRAWER

PULLOUT PLINTH STEP WITH PLINTH DRAWER

Plinth step – a clever solution. In compact kitchens, every centimetre counts: the innovative plinth step transforms the furniture plinth into a practical platform – ideal for children and anyone who wants to reach higher work areas or wall units more easily. Available in **widths from 60 cm to 90 cm** and with an additional plinth drawer for extra storage space. Functional, ergonomic and space-saving.

PRODUCT INFORMATION:

- Cupboard designed for pullout plinth step with plinth drawer: AN SKST
- Plinth level in 273 platinum and 284 carbon grey
- SKST...58
- SKST...68
- SKST...58 TISO
- SKST...68 TISO
- Step depth: 30 cm
- Handle 564.405 / Tip-Softclose
- Approval: under floor and tall units - plinth drawer 15.0 cm
- Maximum permissible weight: 150 kg

PRACTICAL PLINTH DRAWER – MORE STORAGE SPACE USED CLEVERLY

More space where you least expect it: the plinth drawer makes optimal use of the space between the plinth legs and creates additional storage space directly in the plinth area. The practical solution is positioned between the plinth legs and blends seamlessly into the plinth cover.

PRODUCT INFORMATION:

- Cupboard designed for plinth drawer: AN SK
- SK...58
- SK...68
- SK...58 TISO
- SK...68 TISO
- Pullout depth: 40 to 50 cm
- Plinth height: 13.5 to 17.5 cm
- Suitable for unit depths: 58 cm and 68 cm
- Handle 564.405 / Tip-Softclose

VERO INTERMEDIATE DIMENSIONS

CONVENIENCE MEETS FUNCTIONALITY

Our VERO glass display cabinets, which are compatible with all our programmes, now offer even more design freedom. They are available in customised sizes with widths accurate to the millimetre, ranging **from 40-60 cm (single door) or 80-100 cm (double door)**. **Unit heights of 50-250 cm** can also be flexibly implemented.

In addition, a **standard height of 93 cm for the floor unit and 119 cm for the tall unit** have been added: our VERO glass display cabinets are therefore available in all standard heights for floor, wall and tall units.

WORKTOP EXTENSION

K 464 – alba serena

Five new colours are being added to our compact worktop range – from calm and elegant to authentic natural stone looks and modern metal reproductions with character.

K 288 – basaltino
K 289 – dolomita
K 464 – alba serena
K 471 – grigio velluto
K 472 – acciaio inox

These decors impress with their modern material appearance, authentic feel and high durability – perfect for kitchens with architectural appeal.

Our decor portfolio of laminate worktops is also being expanded to include the following striking and contemporary colours – naturally including matching worktop edge colours:

K 289 – dolomita
K 450 – pietra serena
K 451 – botticino terrazzo
K 457 – turco argento
K 462 – nero portoro
K 464 – alba serena
K 471 – grigio velluto
KM 126 – cashmere

These new decors offer versatile design options ranging from calm and elegant to striking with a natural stone character.

K 472 – acciaio inox
